

Newsletter – March 2016

3ABN Australia at NNSW Conference Camp

We look forward to being at the NNSW Conference Camp Meeting in April and seeing those of you who will be there. Look for us in the 3ABN Australia marque on the Sunday Funday afternoon. If you would like to pre order any specific products from us to take to you at camp please contact Elizabeth at our front desk and she will be able to take care of your order.

mySDATV Box

Moses Primo's mySDATV (as seen on 3ABN) is now available from the USA. (A power adapter will be needed.) It is an Internet-based system where you can watch a variety of SDA TV Channels all on one system - without a satellite connection. This system is especially good for those who cannot install a satellite dish.

There are three versions of mySDATV –
(1) the M10, a small, metal cased box with an external WiFi antenna for connecting to the Internet (no running of cables);
(2) the M8, a smaller plastic box with an internal WiFi antenna;
(3) or the most portable form, a small dongle.
All the boxes are to be connected to the TV for viewing.

We have been trialing all 3 at 3ABN Australia and have found them to be extremely good, especially as the programs are in high definition.

To use mySDATV, you need to have a high-speed Internet connection with a high monthly download quota. As an example, viewing the SDA channels via Internet for 3½ - 4 hours a day for one month will use around 100GB of data. Most people will not view for that long every day, while there are others who spend most of the day watching 3ABN and the other channels. So make sure you, or the person you give one to, have enough data allowance to cover the normal Internet usage, plus the mySDATV viewing. There are no monthly fees for the service, just the original cost of the device plus the normal monthly Internet bill.

This is a great way to watch all the 3ABN TV channels as well as other SDA TV channels, including those in foreign languages, that are not available through our satellite service on Optus D2. Of course, you will still be able to view our Australian produced programs this way. Go to the website mysdatv.com for more information or to purchase one. If you already watch 3ABN through the satellite dish you do not need to change over to mySDATV if you are content with what you have, or do not have Internet access.

Israel Tour

The brochure for this year's trip to Israel with Pr Jim Gilley is now available from 3ABN Australia. Contact us for more information or a brochure. We'd love to have you join this "trip of a lifetime".

3ABN Australia Comments

"My husband and I are not Seventh-day Adventists, but I just wanted to drop a line and tell you that we enjoy watching some really good programs on 3ABN. It has also sparked off a renewed interest in us to return to the vegetarian diet we tried for a few years several years ago. We appreciate the good content of the programs we watch on 3ABN." Email

"I was speaking with a lady yesterday who shared that she had been having nightmares for years. Recently she has been putting on 3ABN Radio very quietly while she sleeps and the nightmares have stopped. I hope it provides some encouragement to you all as God's will is done." QLD email

Promotional Material

If you would like to help promote 3ABN Australia's programs in your local church, small group, prayer meeting or to your family and friends you can now ask us to send you an 8 minute sampler DVD. We look forward to receiving your request.

Celebrations

- In January 2016 we produced our 100th 3ABN Now interview.
- At the beginning of April "Let God Speak" will have been on air for 1 full year.
- March 5. 3ABN Australia's own Radio station has been on air in Morisset, NSW at 87.8FM for 1 year.
- March 5. It has been 14 years since 3ABN began airing on a TV in Australia for the first time.

A Word From the Assistant General Manager

This is our first newsletter for 2016. The year is surely rushing by already. God has safely seen us through another year. He has continued to financially support this ministry, as He is the ultimate Provider, though at times it can get tough. At 3ABN Australia we have more new programs in the pipe line which we plan to record and have on air before the end of the year. Also, we continue to regularly record our weekly programs "3ABN Now" (interviews) and "Let God Speak" (Sabbath School).

Paul Kochanski continues to record his radio program "Daily Insights" in our Radio studio and has been working on new programs for Radio since Barry Harker decided to return to Queensland. We want to say hello to all our affiliates and thank you for your support of this network. In the Morisset area you can listen on **87.8FM**. Check our website for the TV and Radio schedules.

John and I have personally purchased two LPON Radio licenses in Canberra on which we will be rebroadcasting our 3ABN Australia Radio signal. Radio is a great medium to use in the spreading of the Gospel. If you would like to find out more about spreading the Gospel this way please contact John or Paul to see if it is possible in your area.

Thank you for your prayers and financial support. May God richly bless you.

Rosemary Malkiewicz
