

## Newsletter – Winter 2019

### Report from the Assistant to the General Manager, 3ABN Australia

We are excited to announce our second annual 3ABN Australia Homecoming! The 2019 event will be held at the Wahroonga Seventh-day Adventist church from 11 to 13 October. Be sure to mark the dates in your calendar and to attend this very special event. Commencing Friday at 6:30pm and finishing lunchtime on Sunday, the program will cover 9 sermons on the theme “Certainty Amid Uncertainty.” In these last days, when so many false theories and doctrines are spread throughout Christianity and the world, it is important to know that God has absolute truth in His word. He wants us to know His truth and be saved – there is Certainty Amid Uncertainty.

Presenters will include Pr Geoff Youlden, Dr Allan Lindsay, Dr John Ashton and Dr Ross Grant, John Malkiewicz and others. The program will include special music before each sermon and a spiritual concert on Saturday evening. Musicians such as Sandra Entermann from Queensland, plus locals from the Sydney area such as Marleta Fong, Persuaded, Diane Hope and more, will be joining me to bless you with music.

So, keep an eye out for more information on our website, as it becomes available closer to the time. Plan now to join us in person. It’s always better to enjoy an event live, when you have the opportunity, than to watch it on TV later.

The other exciting announcement is that we plan to hold a youth event in late November, in the Newcastle area. This will be a special weekend, similar to Homecoming, but with younger speakers and musicians, and designed for young people. Once again, you can look forward to good and sound Biblical preaching tailored to young people. If you are a young person please come along and invite your friends. You will all be richly blessed. More information will be available closer to the event.

*Rosemary Malkiewicz*

### Departmental Report – IT/Production

It has been two years since I last gave a report on our website. Online traffic at our 3ABN Australia website has steadily increased during that time and several new, useful features have been added.

On the website, our Radio section now has an on-demand listening service to let you replay any radio programs that have been broadcast by us, in your own time! You can find this service by choosing the “Listen” button from our home page and scrolling down to the “On-Demand” section.

We’ve also started to make digital downloads of many of our TV programs available for purchase on our online store. The list of programs is growing weekly and downloads are available world-wide. This lets website users have access to our programs from anywhere in the world. (At the moment, physical DVDs are only available within Australia). We’ve already had people purchase downloads from other countries, including the Netherlands and the USA!

Our “A Day With the King” website has seen a massive increase in visitors due to the series being included in the 3ABN Network and 3ABN Kids Network line-ups in the USA. There are now four times the number of visitors downloading study guides from the website than there were 18 months ago, and most of that traffic is from North America. The series has proved to be very popular there.

While we've had great success with our online presence, we do have our challenges. I coordinate the IT and Production departments at 3ABN Australia, and as we push forward with creating new series and new programs, we are meeting the limits of some of our equipment. Our editing computers are now six years old and showing their age. Productivity is being impacted and we need to replace them. This is an expensive endeavour (approx. \$10,000) and we need support. If God is impressing you to help us financially with this project, you may donate to us via our website using the "Donate" button, or call (02) 4973 3456.

James Hope  
Production/IT

**3ABN Australia Homecoming**

Friday, 6.00pm 11<sup>th</sup> October  
to Sunday, 1.00pm 13<sup>th</sup> October 2019
