

## 3ABN Australia Newsletter – Spring 2021

### 3ABN Plus (3ABN+)

Dear 3ABN Australia Family,

Have you heard about the new way to watch and listen to all of our television and radio networks? It's really exciting! 3ABN+ lets you watch programs on demand, easily share links on social media, download videos to watch offline, and watch 3ABN with no ads!

This new delivery method is similar to what Netflix, Amazon Prime Video, and other streaming companies use. With 3ABN+ you can watch more than 1,500 hours of video on demand, and we're adding fresh content every week! You can search our programs by title, topic, or even presenter. You can also download Bible studies, recipes, kids' activities, and more!

Right now you can access 3ABN+ at **3abnplus.tv**, but soon you'll have a similar experience across multiple platforms, including our 3ABN app on your smartphone, tablet, Apple TV, Amazon Fire, and smart TVs! What a blessing this is, and this new technology saves 3ABN money, too!

We know that Jesus is coming very soon, and we're excited about this new way of sharing His love and the truths we hold so dear. Your faithful prayers and financial support are what make all this possible, and we want to thank you for all you do for this ministry.

Go to the 3ABN+ website and share this news with your family, friends, neighbours and strangers.

*Now the God of hope fill you with all joy and peace in believing, that ye may abound in hope, through the power of the Holy Ghost.*

*Romans 15:13*

### When will Jesus return?

The Three Angels Messages of Revelation 14:6-12 will be preached before Jesus returns. We can help our relatives, neighbours and friends be ready for Jesus coming and hasten it by sharing the three angels messages with them. How can you share these messages if you lack confidence? We can help you! 3ABN Australia has some beautifully presented DVD series on the Three Angels Messages. Could you email a link or share a set of DVDs? What about sharing a booklet? We recommend the following products.

**Dr Allan Lindsay's** series *God's Last Message* is available on DVD, on YouTube and on 3ABN Plus <http://tinyurl.com/watchglm>

**Pr Mark Finley's** series *Three Cosmic Messages: Earth's Final Conflict* is available on DVD and on 3ABN+. This series also has downloadable Bible studies for each of the 13 presentations.

**Pr John Lomacang's** booklet *The Three Angels Messages – in Summary*.

### Interless Devices to Islands Update

We are sincerely grateful for donations towards the INTERLESS devices for the Islands. So far we have sent the following to the missions in these locations:

PNG – 70

Solomon Islands – 70

Vanuatu – 30

We are planning to shortly send an initial 20 to Fiji, but we would love to get more to that Island. If you would like to help let us know.

### Which Way is Up?

People are wondering what is truth? Where can they truly place their trust? There are so many conflicting messages. Praise God He is the same yesterday, today and forever (Hebrews 13:8). God is truth (John 14:6) and He changes not (Malachi 3:6). He never lies (Numbers 23:19). You can help give stability to people by pointing them to Jesus in these unsettled times. Direct them to 3ABN Australia TV and radio programs, or give them one of our sharing materials.

### Encouragement & Love

*Dolphine* from Germany emailed expressing her appreciation for the *A Day With The King* children’s programs and Bible study guides. Her boys have been going through them every morning and they always look forward to learning. “This has helped them not only to grow in their understanding of God and the Bible, but also to pray.”

*Olive* from Queensland phoned expressing her and her husband’s appreciation for the INTERLESS device. They are telling everyone they can about it.

*Henry* from Victoria phoned and ordered two more sets of *God’s Last Message* to share with his friends. He said that Dr Allan Lindsay “makes it easy to understand.” This series is good for people who are new to the Gospel, and for those that have English as a second language.

*Abbey* emailed saying, “I have been a Christian all my life, but it was only during covid that I realised that God cares for me. The lockdown in NSW began on my birthday and from there it went downhill. I was given a radio for my 10th birthday, so when covid came my parents suggested I turn on the radio—I had never used it, it had sat there for 1 year, but I did so anyway. I had it running all day and all night. I loved listening to the radio and I always love listening to testimonies over the radio. Because of 3ABN I was baptized... on the 13th of February 2021. I still listen to 3ABN and just love it. I thank 3ABN for all their works. You have preformed a miracle in my life, thank you.”

### A Word From the Associate Director

Despite the limitations imposed in New South Wales due to COVID–19, we praise God that we are able to continue recording TV and Radio programs to spread the Gospel. We are grateful for all our volunteer presenters, and the *Let God Speak* panel members and hosts who all help keep this place humming along. Although we don’t know what the government will decide from day to day, and some filming has needed to be postponed, we have been able to record new programs along with our ongoing ones.

Recently we filmed a new season of *A Day With The King* children’s Bible Studies with Uncle Daniel. We had seven children join us for the programs and they all did a very good job (even though six of them were brand new to TV work). That season began with some Old Testament events as we built a foundation for the coming of Jesus as our Saviour. We then covered the first parts of Jesus’ life and ministry.

We were also able to record new cooking programs with Jeweldia Kimpton. If you have never tasted her cooking you will be delighted to try her recipes. As a first our receptionist, Elizabeth Serra, was the host for these programs—and she did a wonderful job. Well done Elizabeth!

There are a number of new programs in the pipeline and we are excited about them. I look forward to letting you know more in later newsletters—once we have completed recording them. Stay tuned!
