

## 3ABN Australia Newsletter – Autumn 2023

### Report from the Executive Director

Dear 3ABN Australia Family,

It has been 3ABN Australia's privilege to be involved in producing the **INSIGHT** Tracts so people can understand and share the wonderful truths found in God's Word. They cover 10 of the topics that form the foundation of Seventh-day Adventist beliefs. Thousands have been distributed by churches and individuals around Australia.

When the original tracts were distributed, we received a request from ATSIM asking that we work together in creating versions in language that would most effectively reach the Aboriginal and Torres Strait Islander people. These new versions are also great for reaching people from different language backgrounds.

With help from Pr Don Felberg, and other ATSIM personnel, the tracts were rewritten for distribution by ATSIM. 50,000 were delivered to the Northern Australian Conference and 50,000 to the Australian Union Conference.

### Christian Television by Satellite

Now that the Optus D2 satellite is decommissioned, 3ABN International is on Intelsat 19 (IS-19) and VAST.

If you wish to watch 3ABN, Hope Channel and Amazing Discoveries via satellite, then you will need to switch to VAST (if you don't have high speed unlimited Internet). This will require purchasing a VAST box, realignment of your satellite dish, and a new LNB.

If you wish to watch 3ABN only, then you won't need VAST. However, you will need to realign your satellite dish to Intelsat 19 and may need a new set top box (if yours is not MPEG-4 compatible) and maybe a new LNB. Then do a re-scan to continue watching 3ABN International.
