We have started to video some of our radio programs inside the radio studio for use on the 3ABN Australia Radio YouTube channel.

Each of these programs now have many video episodes for you to watch and share.

A Word from the Associate Director

This month we have celebrated 23 years of 3ABN in Australia. On March 5, 2002, John and I installed our first satellite system, in our home, for receiving 3ABN in this country. It took us 10 hours to work out how to use the receiver box and find the satellite with the big 3m dish. But, look what God has done since that time through 3ABN Australia. Many people have come to know Jesus and have joined the SDA Church since this first dish was installed.

At 3ABN Australia we have started filming a new series with Pr Mike Browning. This program has been in the pipeline for a while, and apart from Pr Mike's preparations, a lot of work has been going into preparing the graphics, which we are sure you will appreciate. With a brand-new style and set, we expect you will like the look of this series. But most of all, we believe it will be a popular series as it teaches biblical truth.

As the 3ABN Australia production centre gets older, we are finding that maintenance needs to be done, including repainting of the building. Equipment, such as computers and air conditioners, also needs replacing. Then there are the normal expenses of keeping 3ABN International on air, making new programs, and paying staff to make those programs. Monthly donations do not cover many of these costs. So, we need the help of our viewers and supporters to be able to continue this Gospel work. Please ask the Holy Spirit to help you help us. God gives His resources to His people so they can pass them on for His work. We thank you for your precious support. God bless you.

10 Year Anniversary of Let God Speak

We have been producing Let God Speak for 10 years! There were 26 participants in 2024. Of those, 23 were volunteers and 3 were 3ABN staff. A big special thank you to pastors Clive and Mike who hosted the most programs, and to Cassie, Pr John, and Kaysie who were our most common panellists. Some other details: There were 9 different hosts across 2024: 7 males (who hosted a total of 45 times), and 2 females (who hosted 7 times). We had 25 different panellists: 14 males (who contributed 46 times), and 11 females (who contributed 58 times).
